What does the program syllabus offer?

The syllabus of the FIT PROGRAM has been prepared to help educators in understanding the topics and structure of the program, the different elements and how they fit together to offer a unique experience to the participants. The aim of this syllabus is ensuring that educators have a clear understanding of the overall process and how they can organise it appropriately, ensuring the same quality and impact as intended by its creators.

FIT Program Syllabus

FIT PROGRAM syllabus will be the basis for the FIT learning program; indicating the learning objectives; the circulation of the online and offline lessons; responsibilities; and, also expectations. In addition, a precise framework for skills development and assessment will be developed, which on a later stage will ensure the FIT learning program's quality and standardization.
