

REVITALESE TRANSNATIONAL PARTNER MEETING

January 31 - February 3

Zagreb, Croatia

The RevitaLESE consortium met for the project's 2nd face-to-face meeting in beautiful Zagreb, Croatia, between January 31 and February 3. During the first day, there was a very productive partner meeting. Our discussions focused on overviews of the project's timeline, activities, and results to establish a collective understanding of all the tasks that need to be completed in the upcoming months. We also scheduled the date for our next face-to-face meeting in Cyprus, which will take place in May!

During the stay in Zagreb, 3 staff members from every organisation took part in three full days of training to become "RevitaLESE experts." We were trained on all aspects of PR1, including the pedagogical approach, content, training techniques, and trainer tools available, and the activities to be carried out for PR2 and PR3. Moreover, the training event was vital to delivering all of the project objectives, especially Objective 5: Build the capacity of partner organisations and stakeholders to support social economy members and beneficiaries.

The project partners will start with their first local training sessions in March.
