

# GIGGERS TRANSNATIONAL PARTNER MEETING

May 25 - May 26

Nicosia, Cyprus

On the 12th of June, the GIGGERS project's transnational partner meeting took place in Malta. Our team members, Dagmara and Maryrose, had the pleasure of meeting partners from Sweden, Italy, and Germany.

During the meeting, we discussed the following steps of the project. We are happy to say that soon all partners will conduct micro-courses in their countries.

Of course, what was also important for us was networking. Therefore, we made sure to have dinner together to share our experiences with one another.
